

TECHNICAL INFORMATION SHEET

PRODUCT NAME:

PRAIRIE PURE

PRODUCT DESCRIPTION:

PRAIRIE PURE is an organic cleaner and degreaser which will provide high strength cleaning power with a citrus scent. PRAIRIE PURE is a mixture of natural solvents that will eliminate the toxicity and strong odours associated with petroleum-based solvents.

PRODUCT APPLICATIONS:

PRAIRIE PURE is designed for removal of oil, grease, tar, asphalt, ink and dirt. It can be used in a wide range of areas related to the oil industry for the removal of crude oil, grease, dirt from pumps, service equipment, floors and walls. It can be applied by low pressure pump sprayer, brush or mop to the area to be cleaned. We recommend that the area be rinsed with a high pressure washer or steam pressure system. By comparing the scent of PRAIRIE PURE to the common petroleum based degreasers you can easily see the advantage to using this product in enclosed environments.

SHOP CLEANING: Where grease and oil have penetrated the concrete surface, use a small amount of PRAIRIE PURE, enough to cover the affected area, allowing it to soak for 5 to 10 minutes, then rinse well with a high pressure system. PRAIRIE PURE will clean into the pores on the surface to remove all the grease and oil. Do not use on hot surfaces or near open flames. Use under adequate ventilation.

PRODUCT BENEFITS:

- Non Toxic: Not as harmful as petroleum or chlorinated solvent-based cleaners
- Odour: Easy to work with in the shop
- Effectiveness: Removal of all types of heavy oils, grease and dirt

OVERVIEW

- Yellow liquid with citrus scent
- Packaged in 20L, 200L and 1000L sizes
- See SDS for more information
